

DRAFT COMMITTEE MEETING SCHEDULE FOR 2022/2023

In response to feedback, and in consultation with outgoing committee chairs, it is suggested that, rather than agreeing a full year's worth of dates, we create a skeleton of meetings and then have a standing item at the end of each agenda to agree any additional meetings that may be required. The purpose of this suggestion is to create flexibility and ensure that the meetings meet the requirements of the developing workload rather than trying to fit the workload to a pre-existing schedule. Space has been created in the schedule in November to allow time for committees to have extra meetings if needed to consider budget requirements and to provide the opportunity for the Finance & Administration Committee to have dialogue with the other committees prior to submission of the precept recommendations.

14 June	M&TH	6pm
21 June	C&E	6pm
28 June	COUNCIL	
12 July	F&A	10am
26 July	COUNCIL
