	Addition to market traders' terms and conditions	Ref No	MTH1/11

On 14.12.21 (minute 92) Resources & Policy Committee resolved to approve the following addition to the terms and conditions:

A trader wishing to take maternity leave must discuss the start date of leave and the proposed return date with the Market Manager at the earliest opportunity. Fees may become payable to retain the pitch and the trader may have to revert to casual status upon return to the market, depending on the length of leave taken.

A trader wishing to take additional leave, once all holiday leave has been used, for compassionate reasons will be at the discretion of the Markets Manager and will only be agreed in exceptional circumstances. Such leave will be closely monitored and regular updates will be required. Should the leave exceed an additional 4 weeks, throughout the year, a mutually arranged meeting will be scheduled with the Market Manager to ensure the best way forward for all concerned, at which time charges may become payable.

The Committee agreed that the above addition should be reviewed by Committee after a period of six months.
