

West Vale Park Fun Day  
August 2023

The day started wet, following a few earlier days of rain, and we had some difficulty in getting all the equipment onto the field without getting bogged down. Then, amazingly the rain stopped and the sun came out – just in time for the opening. It was a glorious afternoon and according to our entry Click system we had almost 500 people through the gates probably 70% children. The adults were surprised and appreciative that all the attractions were free, thanks to our donation from the Town Council, and the food outlets were charging sensible prices so everything was available to all families.

There are donation buckets around the ground but there is no pressure to add to these. The money raised supports the Fun Day and also other activity and maintenance within the Park.

This is always a popular event and although we do have some visitors from outside the immediate area it is predominantly enjoyed by Neston Parish families.

The West Vale Committee is indebted to NTC for their support.
