

	<i>Meeting (No)</i>	Market & Town Hall Committee (4)
	<i>Date</i>	10 February 2026
	<i>Document</i>	<i>Ref No</i>
	Fire Retarding Treatment	MTH4/53a

The stage and window curtains and blinds in the hall were last treated with fire retardant in September 2022, they are therefore due to be retreated in September this year. However, it has come to light that the fabric chairs and blinds in the public areas of the building should also be treated. It is therefore essential that this work is carried out early in the new financial year, and it would make sense to have the window curtains and blinds in the hall re treated at the same time.

Providing the committee approve the replacement of the front stage curtains they will not need to be treated on this occasion. Budget to be used is 4417 Responsive Maintenance.

Three companies were approached to provide quotations and two quotations have been received, to work on site to treat all items in situ, as follows:

Quote 1: **£1250** +VAT

Quote 2: **£1618.20** +VAT

Quote 3: **£6958.35** +VAT

Nicky McMahon
